

STRONG: A Boston Anthem

Words and Music by Amanda Carr
copyright 2014

My town was built upon a story
of ships to shore and guts to glory
Where did it all go when we grew
to a place that we just knew
as Home.....

It's the bond we have between us
We take our fight to the arenas
Proud of the teams that make us first, with our heroes on our shirts
Our Home ... is flesh and bone

My town is made of Blood & Steel
Its heart is beating like a drum
We run through the streets and sing the song
that made us Boston Strong
We're Strong , We're Strong, Strong..

And now we live to tell the story,
of our hopes, our strength our glory
A soul that is deeper than the ground, we stood on when we found
that 'One' is not alone

My town is made of Blood & Steel
Its heart is beating like a drum
We run through the streets and sing the song
that made us Boston Strong
We're Strong , We're Strong, Strong..
